# MACHINE LEARNING & AI SUPERGUIDE

**Streaming Media's Sponsored Supplements** have consistently generated thousands of leads annually for sponsors since 2004. With niche topics focusing on the very specific needs of our readers (qualified buyers), *Streaming Media* creates the unique opportunity for sellers to engage with buyers in these limited, sponsored contribution publications called **Superguides**. The European Spring 2018 Industry Sourcebook's **Superguide** focuses on **Machine Learning & AI**.

The robots are coming! AI is impacting every crook and nanny of our connected lives, and online video is no exception. From the elasticity of the delivery networks to the optimisation of the compression algorithms, AI is becoming the "one ring that rules them all." And we haven't even mentioned the intelligent machines that increasingly control our consumption—both virtual and vidual. This is the super-charged **Superguide** in which the specialist solution providers explain how we can tame the AI beast to our advantage.

**PRINT** gives you status, pedigree, and profile. **ONLINE** delivers engagement, qualified actionable leads, and thought leadership.

## HOW DOES IT WORK? YOU WRITE, WE PUBLISH.

Each **Superguide** is published in an issue of *Streaming Media* magazine and also generates online leads as a downloadable PDF for 3 months.

**Materials:** Sponsors supply approximately 450 words and print-quality (min. 300 dpi) graphic for each page, or 600 words for each page without art. Sponsors will also supply EPS versions of their logos. *Streaming Media* will provide editing and layout services with proofs to satisfaction.
