WHAT IS STREAMING MEDIA MAGAZINE?

Streaming Media magazine is designed with one purpose in mind: to help executives and technology managers who use online video do their jobs better, whether they work in the enterprise, education, government, media and entertainment, or any other vertical. Every issue is built around two how-to articles that take a look at a technology or business problem and offer solutions. You'll also find in-depth features on the industry, case studies, and reviews, as well as columns by industry thought leaders and hands-on experts including Jan Ozer, Robert Reinhardt, and Tim Siglin. Whether the focus of your product or service is on content creation, postproduction, encoding, or delivery, each issue of Streaming Media magazine will help you get your message into the hands of those people making purchasing decisions: the readers of Streaming Media magazine.

Key Facts:
- Print distribution to more than 12,000 qualified readers and offered digitally to StreamingMedia.com's online users (see their demographics in the Audience Profile section of this media kit beginning on page 5)
- Eight issues for 2019: January/February, March (Streaming Media Industry Sourcebook), April/May, June, July/August, September, October, November/December

Our Philosophy:
- Editorial is the key to readership.
- Readership is the key to advertising value.
- Audience quality equals advertising results.

Streaming Media magazine’s readership is heavily weighted with C-level executives, presidents, owners, and industry leaders in key markets. This is complemented by impressive budgets specifically allocated to streaming products and services.

"An authoritative source on streaming media topics; the first place I go for this information!"

TURNKEY THOUGHT LEADERSHIP WEB EVENTS

Establish your company as an industry champion by sponsoring one of these Thought Leadership Web Events. Unlike our webinars, which feature a single or multiple sponsor as speakers, these Thought Leadership Web Events feature content publishers or distribution platforms to discuss the topic of your choosing. A representative of your company can join or not—that's up to you.

› Turnkey live events: We find the speakers, we do the promotion, we handle the registration, and Streaming Media VP and editor Eric Schumacher-Rasmussen guides the discussion.
› 1-hour sessions broadcast live online with streaming audio and/or video with slides/multimedia
› Live polling, survey, and audience Q&A make it interactive
Streaming Media Producer offers sponsored video tutorial series that provide our audience of video production professionals with essential tools for using key products effectively while providing sponsors with invaluable exposure and the credibility that comes with expert instruction and association with the authoritative streaming video production resource. Delivered in an episodic series and divided into manageable segments, each focusing on a specific task, feature, or technique, the tutorials provide both consistent exposure and the appeal of allowing viewers to gain instruction for the specific technique they seek rather than having to search for it in a longer, less-focused tutorial.

The Streaming Media Producer editorial staff will work with the sponsor to select and match an expert instructor to the product and work with the instructor and the sponsor to develop topics and arrange them in sequence for optimum impact. Tutorials in each series will run 5–9 minutes and premiere at scheduled 1- or 2-week intervals, with promotion to the entire Streaming Media audience, as well as in social media channels such as Facebook and Vimeo, with a custom-created Vimeo channel devoted to each series.

Each tutorial series will occupy its own channel on StreamingMedia.com/tutorials, and each episode will appear on StreamingMedia.com/tutorials along with an edited text version with accompanying screenshots. Pricing is as follows:

› Six-part video tutorial series: $15,000
› Three-part video tutorial series: $9,000
› Single video tutorial: $3,500

Unisphere Research, the research arm of Information Today, Inc., conducts ongoing proprietary and “for publication” research projects for select IT vendors. We offer custom research of our audience to companies and organizations which need specific, in-depth market information to better align their products, services, and marketing messages to our universe of online video buyers.

Streaming Media assigns an experienced analyst and/or senior editorial executive to work with survey sponsors on topic and questionnaire development. Survey questionnaires are housed at Unisphere’s survey utility on the web, and Unisphere prepares all questions in draft format, working with the survey sponsor to complete an approved questionnaire. Survey response solicitations are issued to the universe of data management professionals until the agreed-on target response level is achieved. Response incentives include a sweepstakes drawing. Unisphere issues a basic document that reports the findings, then creates a color PDF executive summary reporting, graphing, and analyzing the key survey findings. Many studies remain completely proprietary while others are used as the basis for Streaming Media and related email newsletter content, with full attribution to the survey sponsor. Results may also be used, with Streaming Media approval, for press release efforts.

Basic deliverables include:
1. Survey questionnaire development
2. Survey participation solicitation from Streaming Media’s database
3. Data aggregation and basic reporting
4. Authorship, editing, and formatting of the executive summary, which is attributed to the sponsor on the front cover
5. Publication in the magazine and related enewletters when desired

Recent Clients include Telstra, Akamai, CenturyLink, Verimatrix, Piksel, Brightcove, Harmonic, and Beamer.
