

THE ULTIMATE OVER-THE-TOP VIDEO EXPERIENCE

Part of the  **streaming media east** conference and exhibition

BroadbandDevice PAVILION

May 10–11, 2011

Hilton New York, NYC

This year, Streaming Media East will feature a special broadband-enabled device pavilion on the show floor. Come get hands-on with more than two dozen of today's leading hardware devices and see content platforms in action from Netflix, Hulu, Apple, VUDU, Microsoft, Sony, Blockbuster, Amazon, Google TV, MLB.TV, ESPN, NBA and others.

Devices on display include:

- » Apple TV
- » Boxee Box by D-Link
- » Logitech Revue (Google TV)
- » Microsoft Xbox 360
- » Microsoft Kinect
- » NETGEAR Roku NTV250
- » Nintendo Wii
- » Roku XDS
- » Seagate GoFlex TV
- » Sony PlayStation 3
- » Sony SMP-N100
- » Sony Internet TV Blu-ray Disc Player
- » TiVo Premiere
- » ViewSonic NexTV VMP75
- » WD TV Live Plus HD
- » WD TV Live Hub and more!

Tablet devices will also be available for demos.

Also on display will be Broadband enabled Blu-ray players from:
Vizio, Sony, Samsung, LG, Panasonic, Sharp, Phillips, Toshiba, Magnavox and Sylvania.
